

# Topology Management in Peer-to-Peer Systems

Jorge J. Gómez

January 20, 2011

## 1 Problem Statement

Using an algorithm based on the paper [1] by Jelasity and Babaoglu . . .

## 2 Approach

How I went about this

## 3 Results and Figures

Definitely a plot on how the sum of lengths decreased over time and perhaps the node connectivity graphs if you can learn how to do that.

## 4 Conclusions

Short thoughts on the project.
